APPLICATION FOR: ASSOCIATE, DESIGN — REQUISITION CODE: 371623

Dear Hiring Team,

I am writing to express my strong interest in the **Associate, Design** role within **Deloitte CoRe Creative Services** in Hyderabad (Requisition Code: 371623). As a Fine Arts graduate holding a **Bachelor of Fine Arts (BFA) in Animation** from JNAFAU Hyderabad and an Advanced Diploma from Arena Animation, coupled with hands-on production leadership as an **Assistant VFX Supervisor** and **VFX Production Coordinator**, I specialize in producing polished visual narratives, motion graphics, and high-impact digital presentation assets under strict enterprise delivery schedules.

Deloitte CoRe Creative Services is recognized globally for transforming complex business intelligence into compelling, brand-aligned visual assets. My background uniquely bridges traditional creative principles with next-generation production speed:

- **Motion Graphics & Visual Design**
  Extensive proficiency in **Adobe After Effects** and **Photoshop**, crafting kinetic typography, corporate video packages, visual mockups, and dynamic infographics that elevate stakeholder engagement.
- **AI-Accelerated Asset Workflows**
  Pioneering deployment of **ComfyUI node-based diffusion** and agentic workflows (**Google Antigravity & Claude**) to rapidly prototype presentation concepts and visual assets with 3x faster turnaround times.
- **Production Leadership & QA**
  Experience supervising multidisciplinary artist teams at **Technical Artist VFX**, enforcing visual quality benchmarks, managing digital asset pipelines, and maintaining a 100% on-time milestone delivery record.
- **3D Previsualization & Level Design**
  Designing real-time 3D environments, camera choreography, and background plates in **Unreal Engine 5** and **Autodesk Maya**, facilitating rapid creative exploration for executive presentations.

In addition to technical versatility, I understand that high-velocity creative service hubs require unwavering reliability and operational agility. I am fully committed to working in Deloitte's **global rotational shift schedules** (including early morning and evening rotations: 5:30 AM – 2:30 PM & 2:00 PM – 11:00 PM IST) at the Hyderabad office, and I thrive in collaborative, deadline-driven environments that demand brand consistency and zero-defect execution.

I welcome the opportunity to discuss how my combination of motion design expertise, production coordination rigor, and AI-accelerated workflows can deliver immediate value to Deloitte CoRe Creative Services and its global clients. Thank you for your time and consideration.

Sincerely,

Benny Joel Lakamana
BFA in Animation • Assistant VFX Supervisor & Motion Designer
